DROP BY to GET YOUR QUESTIONS ANSWERED

- If you have questions about Open Enrollment, the best way to communicate is via email. However, we are unable to answer questions about the specific health plans. You may contact Blue Shield, Kaiser or CalPERS directly using the numbers provided on the **Benefit Contact Information** sheet posted on the website. You can access the CalPERS Open Enrollment link on the home page at www.calpers.ca.gov to view information on-line.

If you have general questions, please email benefits@mdusd.org. With over 3,000 benefit-eligible employees and only one District employee answering emails, telephone calls and processing paperwork for benefits, we really need your assistance. It may take several days for you to receive a response so we appreciate your patience.

- Open Enrollment changes become effective January 1, 2012.
