

When you log in to HomeLink you will see the following screen. Please see notes below about each section labeled in red.

1. This window shows the name of your student. If you have multiple children enrolled in MDUSD schools, use the down-arrow to change to a view of another child’s information. (This can only be done after creating an account for each child.)
2. Please note the **Page Timeout** indicator. This is set for 20 minutes. If you do not use the system for 20 minutes, it will “timeout” and you will have to log in again to view information.
3. When you click on the **Student Info** tab you will see this screen. It shows the general information stored in our system for your child. Note the tabs for “Demographics”, “Emergency Contacts”, “Class Schedule”, “Test Scores” and “Fees and Fines”. Each tab contains information. If you find a mistake in address, phone number, or contact information, please contact your child’s school so that they can correct it.

4. The **Attendance** tab will show “real time” attendance information for your child. As soon as a teacher or office staff person enters an absence, you will see it here. You will see “All Day” attendance records listed under the “A” column if your child has been absent the entire day. Attendance for each period is also listed under the numbered columns for middle and high school students. This sample shows only one period per day.
