

# MDUSD (MONDAY) WEEKLY MEMO

A Weekly Update of District Activities and Education-related Issues  
from the Superintendent's Office, Mt. Diablo Unified School District

Week of April 6, 2009

## Correction to Summer School Information

As reported in yesterday's Memo, Grade K-8 general education classes will not be offered this summer. However, a clarification to the information regarding the high school program is necessary. High school classes will be available both to students who need to make up credits for graduation as well as to those who received a D or F in a class. Those students also have the option of taking courses in U.S. History, World History, Government, and Economics through the Mt. Diablo Adult Education program.

The most up-to-date information about the District's summer program is available on the District website, [www.mdusd.org](http://www.mdusd.org) Click on the "PARENTS" button on the home page and then on "Summer School" under "School Information."
